Peach State Federal Credit Union has saved me twice. My wife lost her job and she made all the money! I am a high school teacher in Gwinnett. We had a new baby, a new house, an old house (unsold). We were suffering financially. And then my car was unrepairable. Peach State Federal Credit Union worked with my finances, and the Auto Assistance program to put me in a certified used car without busting our budget. Using the Auto Assistance program and a used car auto loan from Peach State helped me gain financial security.

In 2018 I was awarded a grand prize in teaching excellence from Harbor Freight. A portion of the prize money was earmarked for Maxwell HS Welding program and a portion went to the teacher. When the taxes came in, I had only set aside 15% for taxes so we wound up owing the IRS. I was paying the IRS bill monthly, but 85% of the monthly payment went to interest. It seemed like I was NEVER going to pay that debt off. Peach State to the rescue! They were able to give me a signature loan that is deducted right from my paycheck. Since doing so, that debt has been seriously reduced. I can actually see the light at the end of the tunnel.

Thank you, Peach State FCU for helping me solve my financial situations again and again. I really feel like you are my financial family!
